PI Terminology Subcommittee Report

[] distributed a handout to each member entitled "Glossary of NPIC Terminology." It was reported that a new edition, now in preparation will include 62 new terms in addition to the previous editions of 363 terms and that 102 abbreviations will be added in the new edition. Also in this edition approximately 70 symbols will be defined. The classification will be Confidential; definitions that have a higher classification will be distributed separately as an addendum to those agencies or individuals cleared to receive publications with the more restrictive classification.

STAT

It was noted that the glossary and responsibility for such publication will be discussed by the COMIREX Exploitation Subcommittee.

C. New Business (Cont'd):IPD PACOM Report Format Programming Progress

[] reported that IPD has received some information on the PACOM Program but that little progress had been made, additional contacts with DOD have been made in an attempt to obtain useful data. It was noted that an interim method of handling the problem was being researched by IPD, PD, and PAG.

STAT

EXSUBCOM Activities

The initial meeting and subsequent "Task Team" activities were discussed briefly.

Workload Scheduling:

[] requested that IPD be given as much advanced warning as possible when unscheduled computer workloads are anticipated. The Asst/Ops requested that this be applied to communications workload as well.
